

ENVIRONMENTAL POLICY

Regular Cleaning Services Ltd is committed to reducing the adverse impacts created by its operational activities on the Environment, and those of our Service Partners, Clients and Employees through education, raising awareness and encouraging active participation in local and global initiatives. We are also committed to achieving a sustainable business with minimal negative effects and adopt a continuous improvement approach to our activities.

Environmental Objectives

As a responsible organization we are committed to:

- Reducing our consumption of natural resources and raw materials whenever possible.
- Preventing or reducing or harmful emissions to Land, Water and Air
- Reducing waste generation as result of our activities and where possible recycle or re-use waste produced.
- Forming partnerships with other likeminded organisations and encourage existing suppliers to adopt good environmental management practice.
- Raising staff awareness to environmental issues through education.
- Promoting a responsible attitude to the environment through advice we provide to our clients.
- Where viable, using energy supplied from renewable sources
- Selection of most environmentally sound options when procuring products and services e.g. the use of fuel efficient vehicles and low Co2 output.
- Prioritising targets and setting Environmental KPI's that will support the current and future continuous improvement strategies.

Responsibilities

All Employees must recognize that they have an important part to play in the success of this policy and through positive action reduce adverse environmental impacts, to this end all Employees are encouraged to:

- Comply with all relevant Company environmental procedures and guidelines.
- Reduce waste and whenever possible re-cycle or re-use.
- Switch off non-essential electrical equipment.
- Co-operate with the Management team in the implementation of environmental initiatives.
- Consider environmentally responsible options and how adverse environmental impacts can be minimized within the scope of their activities.

This policy will be reviewed on a yearly basis as a minimum and updated regularly.
